Directions to Independence City

“Life is like a rainbow. You need the sun and the rain to make its colors appear.”
Living on the Land Workshop Series

Living on the Land Workshop Series is being launched as a pilot course by the University of Minnesota Extension. The eight-week course is designed to arm landowners with basic agricultural information to enable them to be good stewards of their 40-acre (or less) tract. The course will begin with goal setting and individual property inventory, then address soil, plant and water basics.

For More Information Contact
